BUZZ BOWERS JUSTICE OF THE PEACE
NOTARY PUBLIC

The selectmen dedicate this year's town report to the Honorable Charles L. McGinness, who passed away August 28, 1979.

Charlie was a long-time resident of Troy. He came here as a young man and married Anna Dunn, his life-long wife who resides at 27 Prospect Street.

Charlie served in the U. S. Navy in World War I and was a lifetime member of Edward Bufford Post #56 American Legion of Troy.

During his lifetime, he was a barber, an employee of Troy Blanket Mills and in the 1930's, became the Postmaster for the Town of Troy. He served at two different periods in the New Hampshire House of Representatives where he is remembered and appreciated for his work on the House appropriations Committee.

In Troy he is remembered for his participation and assistance in helping to make Troy a better place to live. He was always available to assist in the Memorial Day Celebrations and was especially helpful during our countries periods of conflict.

His pride in Troy was well known by many as he talked of the steeple being placed on the Town Hall and the starting of our annual Arts Festival. Many times he stated, "I'm proud of Troy and glad I live here."

To a citizen of Troy who always saw a better day coming, we thank him.

THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the inhabitants of the Town of Troy in the County of Cheshire in said State, qualified to vote in the Town affairs.

You are hereby notified to meet at the Town Hall in Said Town on Tuesday, the 11th of March, next at 10:00 in the forenoon for balloting upon matters specified in Article I, listed below, and you are hereby further notified to meet at the Troy Elementary School on Wednesday, the 12th of March next at 7:30 p.m. to act upon the remainder of the listed Warrant.

Article I: To bring in your votes for one Selectman for three years, and for all other Town Officers elected by ballot, as passed by Town Meeting, or State Statute for the specified number of years.

Article 2. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray the following Town expenditures for the ensuing year as recommended by the Budget Committee.

- a. Town Officers' salaries - \$20,000
- b. Town Officers' expenses - \$7,000
- c. Election and Registrations - \$1,600
- d. Town Hall - \$5,500
- e. Parks - \$900
- f. Vital Statistics - \$100
- g. Insurances - \$18,000
- h. Social Security - \$8,000
- i. Shade Trees - \$100
- j. Interest - Temporary Loans - \$5,000
- k. Memorial Day - \$500
- l. Town Dump - \$12,000
- m. Street Lighting - \$13,000
- n. Legal Fees - \$2,500
- o. Planning Board - Board of Adjustment - \$600
- p. Civil Defense - \$1,100
- q. Reassessment and Tax Map Update - \$1,500
- r. Conservation Committee - \$100

Article 3. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to support public services as recommended by the Budget Committee.

- a. District Nurses Association - \$5,000
- b. War Memorial Program - \$7,000
- c. Grand Monadnock Arts Council - \$200
- d. Monadnock Regional Association - \$401

- e. Monadnock Family & Mental Health Service - \$850
- f. Meadowood County Area Fire Department - Membership Fund - \$500
- g. Friendly Meals/Meals on Wheels - \$500
- h. Southwestern New Hampshire Regional Planning Authority - \$1,440

Article 4. To see if the Town will vote to raise and appropriate such sums as necessary to support Town Departments as recommended by the budget committee.

- a. Highway - Summer & Winter - \$50,000
- b. Police - \$39,500
- c. Fire - \$19,897
- d. Overseer of the Poor - \$13,500
- e. Dog Constable - \$2,600

Article 5. To see if the Town will vote to raise and appropriate \$4,700 for the care of the cemeteries. \$3,700 to come from the Trust Funds.

Article 6. To see if the Town will vote to raise the sum of \$447.41 to which the State will contribute \$2,982.73, if voted and accepted, for the construction of Class V roads.

Article 7. To see if the Town will vote to appropriate the sum of \$7,917.18 to be withdrawn from the payment made by the State of New Hampshire from the special Highway Subsidy Fund for the purpose of construction and reconstruction of Class IV and Class V highways within the town or take any action relating thereto.

Article 8. To see if the Town will vote to raise and appropriate \$1,000 for use by the Troy Summer Arts Festival Committee. Of this, \$500 will be an art grant from the State of New Hampshire and \$500 in matching funds from the Town. This will be the third annual festival held on Troy Common.

Article 9. To see if the Town will vote to raise \$23,514.00 for the Water Department.

Article 10. To see if the Town will vote to raise and appropriate \$7,000 for the Gay-Kimball Library.

Article 11. To see if the Town will vote to raise and appropriate and authorize the withdrawal of this sum for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 as amended for the Capital Reserve Funds for the following specific purposes and in the amounts indicated herewith or take any other action thereof:

- a. Fire Department - Truck - \$5,000
- b. Highway Department - Truck - \$5,000

- c. Police Department - Cruiser - \$1,000
- d. Reassessment of Town - \$1,500

Article 12. To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under provisions of the State and Local Assistance Act of 1972 for use as appropriations for the following specific purposes and in amounts indicated herewith or take any other action hereon:

- a. Fire Department - Roof - \$3,400
- b. Fire Department - Heating System - \$2,500
- c. Town Hall Repairs - \$1,000
- d. Senior Citizens Activities - \$2,000
- e. Highway Dept. - Repairs of Payloader - \$5,375.83
- f. Library - Operation - \$2,000

Article 13. To see if the Town will vote to prohibit the storage of radioactive materials and dumping of radioactive waste from nuclear facilities within the town lines of Troy. (By Petition)

Article 14. To see if the Town will vote to prohibit the transportation of radioactive materials and radioactive waste from nuclear facilities across town lines. Excepting materials used in medical treatments which shall be registered with local health and safety officials. (By Petition)

Article 15. To see if the Town will vote to reopen and maintain that section of Bigelow Hill Road from the Richard Pelto residence to the top of the knoll at the Liimatainen property, approximately 4/10 mile. (By Petition)

Article 16. To see if the Town will vote to have the Selectmen prepare proper legislative action to combine the water and sewer departments into a combined Town of Troy, Water and Sewer Department. This action will be taken with legal advice from Town Council and applicable State Departments.

Article 17. To see if the Town will vote to authorize the board of Selectmen to apply for, accept and expend money from the State, Federal or another governmental unit or a private source which becomes available during the year in accordance with the procedures set forth in RSA 31:95-b.

Article 18. To see if the Town will vote to authorize the Selectmen to apply for Federal Funds with the assistance of the New Hampshire Department of Resources and Economic Development.

Article 19. To see if the Town will vote to authorize the Selectmen to borrow money to pay charges and the interest thereon.

Article 20. To see if the Town will vote to authorize the

Selectmen to transfer tax liens and convey property acquired by the town by tax collector's deed by public auction (or advertised sealed bid) or in such other manner as determined by the selectmen as justice may require.

Article 21. To see if the Town will vote to adopt the provisions of RSA 72:62 for a property tax exemption on real property equipped with a solar energy heating or cooling system which exemption shall be in an amount of 50% of the cost of the solar system up to \$10,000.

Article 22. To see if the Town will vote to abandon the following roads.

a. J. Matson Farm to Richmond and Fitzwilliam lines, called Widow Gage Road.

b. J. Matson Farm to Richmond line, Old Richmond Road leading to Liimatainen Farm.

c. Maki Farm to Swanzey Town Line.

d. South of the Eino Lane residence to the point where it connects the Old Richmond Road.

Article 23. To see whether the Town will authorize the Selectmen to convey the premises described as "Map 12 - Lot 49," assessed to Walter Maki, advertised and sold for 1976 taxes and conveyed to the Town of Troy by Tax Deed recorded September 12, 1979 at Vol. 973, Page 460 of the Cheshire Registry of Deeds, to Walter Maki, by Deed (without covenants) in consideration of property taxes of \$1,760.60 paid in full January 14, 1980.

Article 24. To see whether the town will authorize the Selectmen to convey the premises described as "Map 18 - Lot 56" assessed to Edwin A. and Mary E. Wainio, advertised and sold for taxes and conveyed to the Town of Troy by Tax Deed recorded September 12, 1979 in Vol. 973 Page 462 of the Cheshire Registry of Deeds, to Edwin A. and Mary E. Wainio by Deed (without covenants) in consideration of property taxes of \$1,344.00 and \$133.00 due to Water Department paid in full before the town meeting.

Article 25. To see if the Town will vote to have the Selectmen appoint a Committee of five (5) Citizens to work with a Committee from Fitzwilliam to study the consolidation of the Troy and Fitzwilliam Police Departments and to prepare a report with recommendations prior to the next annual meeting.

Article 26. To hear reports of committees, agents or officers heretofore chosen and take any action relative.

Given under our hands and seal this 19th day of February in the year of our Lord nineteen hundred and eighty.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen
Town Office
Troy, New Hampshire 03465

Members of the Board:

Submitted herewith is the report of an examination of the financial statements of the Town of Troy for the year ended December 31, 1978, which was made by this Division in accordance with the provisions of R.S.A. 71-A:20. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given to the Town Clerk for retention as part of the Town's permanent records.

FINANCIAL STATEMENTS

Analysis of Change in General Fund Balance: (Exhibit A-2)

On a budgetary basis, the change in Fund Balance is summarized as follows:

Appropriated Fund Balance:

Fund Balance Applied to Fund 1978 Operations	\$17,300
Balance of 1978 Special Appropriations	<u>9,917</u>
	<u>(\$ 7,383)</u>

Unappropriated Fund Balance:

Revenues in Excess of Estimates	\$12,790
Net Favorable Balance of Appropriations	<u>16,022</u>
	<u>\$28,812</u>
Net Increase in Fund Balance	<u>\$21,429</u>

GENERAL COMMENTS

Public Library:

The records of the public library are limited to the check book, bank statements and cancelled checks. We strongly recommend the use of a cash receipts and disbursements journal which would not only facilitate the preparation of year-end reports, but also establish a permanent historical record of financial data.

C.E.T.A. Funds:

During 1978, the Town received and expended C.E.T.A. Funds of \$19,273, which were not budgeted for at the annual Town Meeting. We recommend that all expenditures from any source be budgeted in their gross amount.

War Memorial Account:

This account, funded almost wholly by Town appropriations, is currently in the custody of the Troy War Memorial Committee. In accordance with State statutes which provide that the Treasurer shall have custody of all funds belonging to the Town, we recommend the transfer of said funds to the Town Treasurer as soon as it is practical to do so.

Trustees of Trust Funds:

Approximately 51% of the total fund balance is comprised of investment shares, which are currently contained in the Town Clerk's safe. Our examination disclosed a small number of missing certificates, which apparently occurred during the transfer of certificates from a bank safe deposit box to the Town Clerk's safe, some years ago. We recommend that these certificates be again placed in a safe deposit box.

It is the current practice to discard the annual statements and tax information remitted by the various investment funds after recording the necessary information in the ledger. In the same respect, quarterly statements issued by the Ashuelot National Bank are also discarded, subsequent to recording the activity therein. The above statements should be retained for at least six years.

For the purpose of generating additional income, \$20,000 was transferred from the checking account to a savings account in 1972. Interest earned on this amount through December 31, 1978 amounted to \$8,596.78. This income has not yet, and should be, distributed to the applicable individual funds.

In 1951, all fund assets were converted to investment shares. At that time, the balances of the individual funds, including income earned from the date of creation to 1951 of \$4,105.99, were recorded in the investment ledger as principal, resulting in an overstatement of principal and understatement of interest by the same amount. A correction in the form of reallocation of both is reflected in Exhibit D-2. We recommend that an adjustment to the correct principal and income amount be made for each of the affected funds.

Tax Deeds:

As disclosed in the notes to financial statements, property which had been tax saled has not been deeded to lien holder, as provided by State Statutes. We direct your attention to R.S.A. 80:38, which specifies that; "...the collector, after two years from the sale, shall execute to the purchaser, his heirs or assigns, a deed of the land so sold and not redeemed."

Inventory of Fixed Assets:

There is currently on file with the Town, information regarding each piece of equipment in separate manila folders, and all real property owned by the Town is recorded on individual assessment cards. It is suggested that each item of the fixed assets category be supported by a ledger card, containing all pertinent information.

The value of fixed assets for all municipalities is substantial and usually far greater in value than the current assets; hence, adequate accounting procedures and records for fixed assets are essential to the protective custody of governmental property.

Troy Water Department:

Because of material weaknesses in the Department's system of internal accounting control, the scope of audit was considerably expanded. It should be noted, however, that the cost of implementing an adequate system of internal control would by far exceed the benefits derived by such implementation.

Our examination disclosed the following deficiencies in the operation and accounting of the Water Department:

1. The Water Department does not maintain fixed assets records as prescribed by generally accepted accounting principles. Fixed assets constitute the source of the enterprise's earning power, and their valuation is of paramount importance in the determination of rate structures under which consumers are charged for services rendered. In addition, said assets of the Water Department were found to be devoid of any form of insurance coverage.
2. Bills to be paid are currently approved by the superintendent, and not by the Commissioners. The authority to approve said bills or invoices is vested in the Commissioners in their capacity of the Department's Managers, as set forth in Section 4 of the Special Legislative Act establishing the Department in 1915.
3. Services rendered, exclusive of water service billings, are charged at cost, without consideration of indirect expenses such as payroll taxes and health insurance premiums. We suggest that a predetermined overhead rate be applied in the billing of said services.

Since the Department is a separate and distinct fund of the Town, it should be billed by the General Fund for services provided to it, such as water hydrants and use of Town Office facilities.

Troy Water Department: (Continued)

4. Annually, the Town raises by taxation, appropriations for the maintenance and operation of the Water Department, which are deposited to the Department's checking account. Water rent receipts are remitted directly to the Town Treasurer and are deposited in the Town's general fund. Since the Water Department is classified as an enterprise fund, established to account for the financing of self-supporting activities, we recommend the discontinuance of this practice. The receipt of water rents should remain in the Department to be applied against operating expenses. The voters at the annual Town Meeting will still be required to authorize appropriations for the Water Department, but such appropriations will be funded either by the Department's own operating revenues, by contributions in aid of construction, or by long-term borrowing.

Conclusion:

The provisions of Chapter 71-A, Section 21, require that the Auditor's summary of findings and recommendations shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials and employees of the Town of Troy for their assistance during the course of the audit.

Town Forest, Ballfield, etc.	30,100.00
Land for Sewer	<u>11,750.00</u>
TOTAL	\$1,276,900.00

SELECTMEN'S REPORT

As Troy is entering another decade, we can only hope it will be quiet and peaceful with moderate growth and a new industry to increase our industrial tax base. The past decade had some "ups and downs." All of us can recall with a smile the "ups" and we can pass off the "downs" with a grimace and pray that some we experienced will never come our way again.

The selectmen wish to pay a special tribute to the fire department for some very innovative money-saving schemes that were used. The Seagraves fire truck was rebuilt like new for about 2,000 of non-taxpayers money. This is due to the volunteers who serve breakfast every Saturday along with a few other money raising schemes. Many pitched in to build a new addition to the fire station; tax money was used for materials but most of the labor was gratis. We can be most grateful for such an excellent volunteer department, especially when we think back to some of the super alarm responses that were made - at least four saves with a minimum of structural damage.

The past year the highway department rebuilt about 1,000 feet of Bigelow Hill Road. This comprised digging the road, starting with a new base, and preparing the road for a new type of road surfacing material which was laid by Drugg Construction. We bring this to your attention to show what the cost is now to rebuild town roads. Roughly we used up the accumulated TRA money of \$9,000.00 and spent the special highway subsidy received this year of \$6,100.00. At the present time, the cheapest oil we can buy for the roads is 86 cents a gallon. The state now estimates that to rebuild a mile of road as cheap as possible will cost about \$100,000.00 a mile. This has to be considered when we consider trying to smooth out South Street, West Hill Road and Mackey Road. As of this date, the smoothest road outside of town remains Richmond Road, a dirt road.

In the future construction of the sewer, we are doing our best to have the contracts written to pave the roads when pipe is laid, not just to patch.

The Sanitary Landfill now comes under the highway dept. Mr. Arthur Hurst is in charge of the landfill operation. For the past year he has done an excellent job for the town and is responsible for the landfill operation meeting the requirements set by the State of New Hampshire. Mr. Hurst is responsible for the overseeing of where the different types of materials have to be placed, what can be burned and where, the selling of recyclable materials and he has the backing of the selectmen in his operation of the landfill.

We know that our cost for running the landfill is one of the

lowest in the state and most of this is due to Mr. Hurst.

He asks that people try to recycle more and deposit the papers and bottles at places provided. This helps expand the life of the landfill and realizes more revenue for the town.

Roger Smith stepped down as superintendent of the water department during the spring and for personal reasons decided not to file for town Treasurer for another term. We owe Roger a huge vote of thanks for his many years of dedicated public service to this town and its people.

The public service activities have continued. All contributed to a better town. Among these was the second annual Arts Festival, continued productions by the Troy Community Theater and the Senior Citizens are more active than ever before.

REPORT OF THE BOARD OF TRUSTEES
GAY-KIMBALL LIBRARY

The Trustees of the Gay-Kimball Library are pleased to report that 1979 saw the continuation of increased usage of the Library by the citizens of Troy. We believe that this, in part, reflects the community's increased confidence in our Library and its staff.

All of the present Trustees were elected or appointed to the Board for the first time in 1979. This is the result of two resignations and a decision by the third member of the previous Board not to again be a candidate.

In the role of Trustee, that is new to all of us, we believe that we are your representatives in the operation of the Library and we continue to solicit your input on how the Library can further service your needs. Our monthly meetings are held on the first Wednesday of each month at 7:30 P.M. and are open to the public. Since March of 1979 all of these meetings have been attended by citizens of Troy. The Gay-Kimball Library is for all of us, young and old, and if we can serve any segment of the population better than we do now, we want to do so.

In 1980, we hope to be able to raise the pay of our small staff to the point where the professional standards required are recognized and to maintain the services that you, the public, are demanding to meet your needs.

Kathleen M. Marrot e, Chairman
Phyllis A. Callahan, Secretary
Lee Neugent, Treasurer

LIBRARIAN'S REPORT GAY-KIMBALL LIBRARY

Evidentially our new hours are an improvement. The first day in September that we opened earlier in the afternoon our circulation figures zoomed past 100, and the same thing happened again in October.

The summer reading program was a success. Over 40 youngsters enrolled in the "Trail Ride;" a board game made by Mrs. Patty Packard, the Nelson librarian. Two toddlers began to learn to read. Thanks to Mrs. Patty Condon for making the ribbons. One was earned for every ten books read.

Some high school students have taken advantage of our new policy which extends the use of the Ripley room to include them, but too few older citizens come just for reading. You are always welcome when the library is open.

We were featured in a slide-tape presentation called "Looking Up" to be shown throughout New Hampshire. It is about the current and future use of libraries throughout the state. We were chosen because we demonstrate what a small public library can offer to the business community.

One of the nicest things that happened this year was to discover concrete evidence of the good will that exists towards the

library. An anonymous gift of \$100.00 was donated by a well-wisher. Bookshelves honoring the memory of Mildred Tichnor Stone, who died May 24, 1968 at age 79, were purchased and placed in the children's room. A plaque on each of them bears her name and the date they were given, March 17, which was Miss Stone's birthday. She was a small, dainty woman with black hair until it turned white in her twenties. Blind at 42 and physically deformed, she learned Braille, and then taught herself advanced Braille and how to use the telephone. She gave mandolin and piano lessons as well as taught Sunday school to the juniors. She loved cats, picnics and the out of doors. Miss Stone was remarkably self sufficient, endowed with a remarkable memory for facts and was a great reader. Because she herself was a charitable woman it is fitting that this gift carries her name, and we are most appreciative and pleased to be remembered in this very special way.

Our hours are: Tuesday and Wednesday 3:00 - 7:30, Thursday 1:30 - 7:30 and Saturday 2:00 - 5:00. Look for announcements of hours changes or other happenings at the library in the Co-op news notes in the Keene Shopper the first Wednesday of every month.

Many thanks to those who have donated their time and books to us during the year.

Circulation figures:		percent increase
1973	4,189	
1974	4,194	0%

REPORT OF THE TROY WATER WORKS

This past year the Water Department was unable to complete some of the planned work, such as; the cleaning of the reservoir, the installation of an eight-inch valve on Mill Street and the well project.

In the coming year, around the middle of May or the first part of June, the reservoir must be cleaned. It cannot be put off a second year. Also, two valves should be installed this year: one on Mill Street and one on Monadnock Street. These valves will be used to shift the flow of water from one side of town to the other. This valve will also help keep water in as much of the main lines as possible. This will mean fewer customers will be without water when work is required.

In regard to the well project: The company we were working with on the test well didn't want to take part in the project. They suggested that a local firm be hired. One local firm was recommended, but after studying and checking around, it was decided not to hire them. We did not get back to this project. In December we asked the Selectmen if the funds could be held over. We were informed that a Geological Survey was in the works, and that it might help locate a good well site. It was decided to let the funds return to the Town, and wait to see if the Survey could turn up a good site.

In the coming year the Water Department will be holding public hearings on water rental rates. This will be your opportunity to ask questions and make suggestions.

TROY FIRE DEPARTMENT REPORT

Four major fires struck residential homes this past year. One, a trailer, was a complete loss; but the other three, although heavily damaged by fire, were saved because of the quick response and professional action demonstrated by the firemen.

Two of the above mentioned fires along with six partition fires were the direct result of poorly installed wood stoves.

Because of the disastrous winter storm two years ago and at the request of the Civil Defense Director, William Matson, the department has set up a four wheel drive vehicle to carry home heating oil and an electric generator. This equipment will be ready for use if a similar event happens again.

With the completion of the addition to the fire station (which should take place this spring), we will be able to offer emergency shelter to anyone who may need it during these times.

Members of the department will be undertaking to remodel the kitchen and meeting rooms at the fire station this year. They have already raised the money for the project.

Two of the department's vehicles have been repainted this past year. In the case of the Seagrave, a new and larger water tank was added, too, making it a more effective piece of fire fighting equipment. We would like to thank the members of the department who worked on the project and Kingsbury Machine Tool Company of Keene who built the tank for us.

This winter has been unusual because of the lack of snow fall and could lead to problems this spring. Woods and fields will be very dry if no snow or rain is received during the time it takes them to turn green. Grass and brush fires may occur more often this year. Caution will have to be used by people in this area.

Some town's people have asked where should they place smoke detectors in their home. The accompanying diagrams may help to answer these questions.

Number of 1979 Fire Calls

Mutual Aid	8	Car Accident	5	Furnace	1
Chimney	6	Tractor Fire	1	Car Fire	2
False Alarm	9	Troy Mills	2	Gas Wash	1
House	4	Barn Fire	1	Electrical	1
Brush	2	Trailer Fire	1	Broken Water Pipes	1
Rescue	2	Furnace	1	Garage Fire	1

Miscellaneous	3	Lightning	3	Gas Leak	1
Cellar Fire	1	Partition	5		
Total Calls					61

Chief John C. Callahan, Jr.
1st Deputy Clifton E. Cole
2nd Deputy Raymond W. Dicey

Where to locate the basic smoke detector

The major threat from fire in a dwelling is at night when everyone is asleep. The principal threat to persons in sleeping areas comes from fires in the remainder of the house, therefore, basic smoke detector(s) are best located between the bedroom areas and the rest of the house. In homes with only one bedroom area on one floor, the basic smoke detector shall be located as shown in Figure 1.

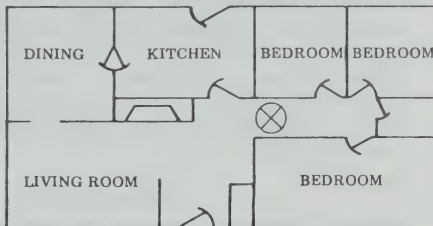

Figure 1. A basic smoke detector (indicated by cross) shall be located between the sleeping area and the rest of the house.

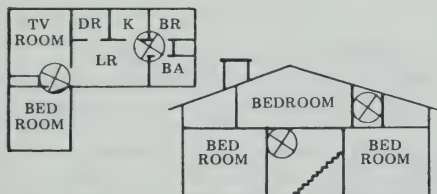

Figure 2. In homes with more than one sleeping area, a smoke detector (indicated by cross) should be provided to protect each.

Homes with more than one bedroom

In homes with more than one sleeping area or with bedrooms on more than one floor, more than one basic smoke detector will be needed as shown in Figure 2. Location of the smoke detector outside the bedrooms presupposes that the occupants sleep with their doors shut to provide a barrier to the smoke thus gaining additional seconds for escape.

Homes with stairways

Most homes have one or more stairs. Heat from fire will carry smoke and toxic gases upward into stairs. A smoke detector is needed at the head (top) of each stairs including the basement as shown in Figure 3. Stairs are usually a common path of exit and must be preserved as a possible escape route. Alternate escape routes should be planned and practiced during a fire drill at home. Note: A smoke detector is not required in stairs going to unoccupied areas, e.g. attic.

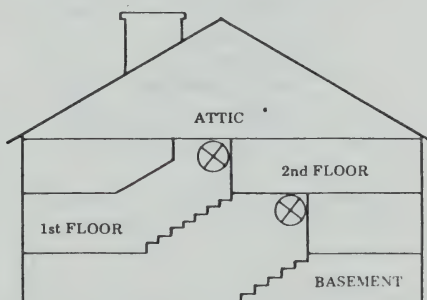

Figure 3. In homes with stairs a smoke detector (indicated by cross) should be at the head (top) of each.

IMPORTANT NOTE: Above examples illustrate minimum smoke detection requirements in residential units. Additional smoke detectors or an early warning fire detection system should be considered.

TROY POLICE DEPARTMENT

As we enter a new decade we must accept the changes the 80's will bring concerning both the Town of Troy and the Police Department.

As of January 1, 1980, new state legislation has been passed which makes it mandatory for all part-time police officers to be registered and certified by the State of New Hampshire. This means that the town will have to make available funds for the required courses and training. The state's goal is to have all part-time officers certified by 1983, thereby raising the standards of part-time officers thru-out the state. The day of the "volunteer" police officer will be in the past and we shall all benefit from this change.

Growth has affected the town of Troy and will continue to do so. We are situated in Southwestern New Hampshire, an area that has seen enormous growth in the last few years. Troy has welcomed the wife of the Vice President of the United States and has seen the construction of a branch of The Monadnock Bank, something that will mean additional responsibilities for the police department in this town.

In my first year as Chief of Police our major case count was 115 cases (major incidences, felonies, and misdemeanors); in 1978 it was 65 cases and 1979 only 48 cases. The figures have decreased due to a constant effort on the part of all men now serving with the police department. I feel the men deserve much appreciation for the dedication and energy they bring to the job. I believe that the entire town has benefited from its "new reputation" one that is somewhat different than that of 3 years ago.

ANIMAL CONTROL OFFICER'S REPORT
1979 ACTIVITY

Phone calls	1,153	Restraining orders	128
Total cases handled	549	Abate nuisance	32
Total cases closed	480	Court cases	6
Total cases unsolved	89	Humane Society	26

As indicated by the above statistics, the Animal Control Officer's responsibilities and activities are increasing yearly. More and more complaints are received of dogs running loose as well as problems with other animals.

New Hampshire State requires that every owner or keeper of a dog, three months old or over shall annually on or before April 30th, cause it to be registered, numbered, described and licensed for one year from the first day of the ensuing May.

Records of the Town Clerk show a noted decrease in the number of licenses issued, yet the dog population is on the increase. The licensing of dogs helps the Town of Troy in two ways.

1. We receive income for the Town which helps in defraying the expenses of the Animal Control Officer's activities.

2. The dog is readily identifiable by its tag which enables the Animal Control Officer to return the dog to its home rather than to the holding area or Humane Society.

The Town of Troy, as voted on by the people, has a leash law ordinance. This law requires the licensing of dogs whether they are tied or house dogs.

The Selectmen and Animal Control Officer request that the owners and keepers of animals in the Town of Troy abide by the laws that have been established and respect the rights of all residents of the Town of Troy.

Respectfully submitted,

Pierre C. LaGrenade
Chief of Police

Det/Cpl Elmer E. Gladding
Animal Control Officer

PUBLIC WELFARE DEPARTMENT

The assistance provided by this department to qualified welfare recipients continues to be unpredictable. Although this department has managed, in the past year, to operate well within its budget, it is impossible to determine how many will apply for aid during 1980.

Aside from this department's obligations as established by state welfare and the court system, this department continues to investigate each applicant prior to administering town aid. In some instances, employment has been offered to able-bodied persons in lieu of welfare aids. This has proven successful. If applicants refuse employment, they are not qualified as welfare recipients.

1979 EXPENDITURES

Payment to State of New Hampshire for town's share of aid to permanently and totally disabled, old age assistance, nursing and medical care, amounted to \$5,482.21.

Paid to Cheshire County commissioners for food vouchers to recipients whose settlements were responsibility of Troy, \$205.00

Paid by town for foster homes, food, fuel, utilities, septic system repair, rent, rehabilitation and administration amounted to \$5,792.52.

Repaid to the town by welfare recipient, \$20.00.

Total expenditures for 1979, \$11,459.73.

Elmer Gladding
Overseer of the Poor

TOWN OF TROY SEWER PROJECT

To bring the residents of Troy somewhat up to date on the progress of the Sewer Project for the town of Troy, we enter this short update. Following this up date are two schedules, one for the sewer contracts (the sewer pipes) and the second, the schedule for the sewer treatment plant.

As of this date, the design work for the sewer pipes and the blueprints have been furnished. Hopefully the actual construction of the contracts 7, 9, 10, and 11 will begin in August 1980. These contracts all deal with the sewer pipes and the pump station which is required at the far end of school street.

By looking at the prepared schedule, you can see that there are several kinds of permits required, reviews to be accomplished and many meetings and much paper work involved.

The second contract for redesign of the treatment plant (which is being done now) and construction of the plant in April 1981 we hope will be on schedule.

Redesign of the treatment plant is being done because now we do not need the sophisticated plant that was originally required by E.P.A. (Federal). Instead we will have a simple secondary plant that in the long run will be cheaper to build, cheaper to operate and to maintain. Basically, the simpler system will need only a part-time operator; this will cut expenses tremendously.

Because of a change in the laws affecting Municipal Budget Towns, which is the way Troy's finances are governed, we will be required to hold a special town meeting probably in late March or early in April to revote the article for the Sewer Lands. There will be a public hearing before the meeting; we urge everyone to come.

The funding for the Sewer remains the same; 75% by the Federal government, 20% by the State and 5% by the Town. We are still responsible for certain lateral pipes that are not fundable but are our own cost.

The selectmen have been working with Farmers' Home Administration through Senator John A. Durkin, who has been of tremendous help to us in solving problems and getting assistance. As of now we are almost sure of "grants" to the town of 300,000 in 1980, 400,000, 1981 and 300,000 in 1982 to assist us on our part of the project. These depend on "if" the federal government keeps the money coming to F.H.A. The government agencies and Senator Durkin know we are in the sewer business and are contacted frequently to remind them.

At the public hearing there will be more information about the steps we want to take and how we are handling the getting of funds and grants to reduce the expense of the Town and the people.

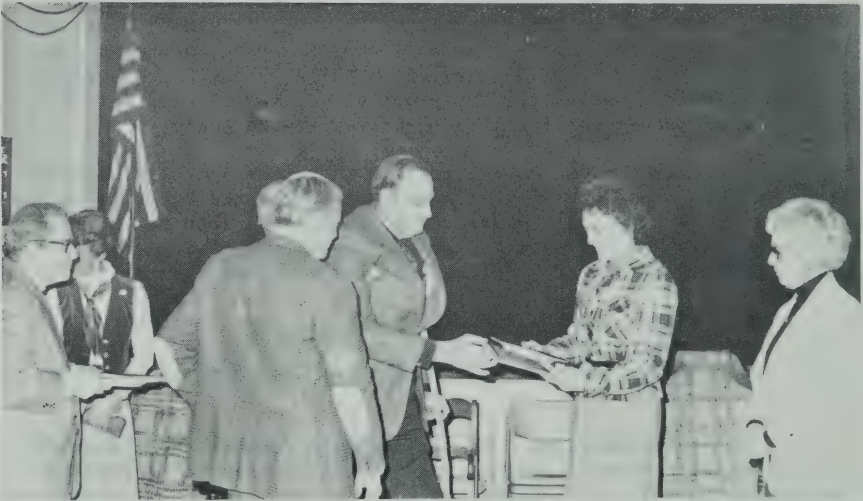

As of now, we are at the top of the list in the state to start construction in 1980. Many other towns are not and have been pushed back.

The main point we want to make is that the sooner we start the less expensive it will be.

With inflation we can estimate that if we delay or get held up for a few years, we can add about \$900,000 a year to the total cost.

We urge you to come to the public hearings that will be held soon after this year's town meeting.

The Selectmen

ACTIVITIES OF YOUR REGIONAL PLANNING
COMMISSION IN 1979

Calendar year 1979 was a big one for Commissioners and staff of the Southwestern New Hampshire Regional Planning Commission. It included major progress on master planning programs in 17 of the 29 member towns, development of citizens advisory groups in many of these towns, providing technical assistance for new zoning regulations in two communities, undertaking historic inventories in five towns, preparation of an Historic Manual for the State of New Hampshire, and the implementation of a mass transit system for the City of Keene.

Programs currently funded or being proposed include an economic profile of the Region, an energy "outreach" program, sub-regional coordination of plans and programs, and a water resources inventory program.

These activities have required daily contact with a number of communities, monthly and semi-monthly meetings with town boards and citizen advisory groups, and of course, special meetings in the Region and elsewhere throughout the State.

The Town of Troy has benefited directly from a number of Commission work program activities. The Basic Studies Report of the Town's Comprehensive Plan has been completed along with the necessary maps and charts. A citizen's advisory group has been formed to provide community input into the completion of the plan. In previous years, other work elements have been produced specifically for the Town of Troy. These include a Hydrology Study (1978), examining the Town's water resources and an Analysis of Government Expenditures (1978).

In the upcoming year, the Commission proposes to work towards the expansion of Keene's mass transit system to include service to the Town of Troy and other nearby communities. Furthermore, the Commission anticipates a successful application to the U.S. Department of Energy for funds to work on energy related issues in a sub-region which includes the Town of Troy. This work is of course, in addition to the Regional Planning Commission's commitment to assisting Troy in the completion of its Comprehensive Plan.

Commission meetings, themselves, have included programs having to do with housing; State highway improvements; information meetings about Class VI roads, variances, special exceptions and other zoning and planning matters; economic development; and a review of legislative changes to enabling legislation.

The Commission has hosted the annual law lecture series and will host the Annual Meeting of the State's Regional Planning Commis-

ioners this Spring. In addition, the staff and the Executive Committee play a part in the review process for Federal funding programs. The Executive Director is Catherine M. Larson, who heads a staff of nine, plus several interns. She also serves on the Governor's Council on Growth and plays an active role in providing information about regional planning to many civic and citizens groups.

Bi-monthly meetings, open to the public, are held regularly in Marlborough and Peterborough. Each town is entitled to two Regional Planning Commissioners (three from the City of Keene), to represent it. A six-member Executive Committee, elected from the Board of Commissioners, provides overall supervision of the program and staff.

Frank Dierauf, of Greenfield, is the current Chairman of the Commission and has stated on several occasions that the staff of the Commission is the staff of each of its member towns and provides full-time, technical capability in planning, zoning, subdivision and many other matters.

CONSERVATION COMMISSION - ANNUAL REPORT

The Conservation Commission meets the third Thursday of the month at 7:30 PM at the Town Hall. Members currently serving the commission are Brad Beaudoin, Charles Hannah, Bill Lake, Robert Harkins, Barrett Ripley, John Callahan, Selectman Representative, George Foskett, Secretary, and Peter Howe, Chairman. We have asked the Selectmen to appoint three additional members to serve in 1980.

The Commission has been working with the Planning Board to put forth our recommendations into the master plan that is currently being prepared. We are working with the N. H. Association of Conservation Commissions to make suitable proposals for the protection of Troy's wetlands and other natural areas.

We have been working with the N. H. Solid Waste Management Commission to monitor any potential problems within Troy's watershed. Solid Waste Management has recommended a plan to continue close monitoring in the future. This plan is being carried out at this time.

In 1980 we plan to continue our current programs and do further work in areas relating to conservation. Any citizen who is interested in conservation is invited to attend our meetings.

Respectfully submitted,

Peter C. Howe
Chairman

TROY PLANNING BOARD

The Troy Planning Board has been very active in 1979. We handled seven subdivisions and have been working hard on our Master Plan with the Regional Planning Commission.

The Master Plan will be completed by early summer. It will help the town officials as well as all other committees and Boards in carrying out their work and in developing future needs and goals.

We urge the residents of Troy, new and old, to become involved in the process of developing the Master Plan. Just a ride to Merrimac or Nashua will show people how the growth of these cities and town got out of hand to a point where the identity of the towns and country atmosphere of New Hampshire has been lost. Our town, if fact all of Cheshire County, is a desirable place to live in. A good Master Plan, developed and drawn up by the home owners and residents of Troy, will help to keep the town to our liking.

Meetings will be held this spring with Southwestern Regional Planning Commission, the Troy Planning Board and hopefully the interested residents of Troy to finalize the Master Plan which will be presented to the people at the next town meeting.

The town is fortunate to have a conservation commission and an industrial development committee to watch out for the interests of the Town and its residents.

At present the Conservation Commission is very active, and the industrial development committee is ready to become involved with the development of the Master Plan and the construction of the sewer.

We feel that when the sewer is operating in the near future Troy will have need for and space for some type of new industry which will broaden our tax base and help keep our property taxes within the reach of the average property owner.

We want to urge residents to attend the future meetings of the Planning Board when the Master Plan is being discussed, to become involved and to participate in designing this plan. We need the advice of residents and taxpayers on how to guide the future growth of Troy.

BOARD OF ADJUSTMENT

The Board of Adjustment was created to hear petitions for variances and special exceptions to the zoning ordinance and issue the permits to operate mobile home parks.

The Board holds regular business meetings on the second Tuesday of January, April, July, and October at 7:30 p.m. in the Town Hall. Hearings of petitions for variances and special exceptions are held upon request.

All meetings and hearings are open to the public and everyone is urged to attend.

James F. Sears
Chairman

TROY SENIOR CITIZENS

Our second year showed a growing attendance and a workable program of activities that covered a wide scope of interests and activities. All citizens of Troy over 50 years of age are welcome to our monthly meetings.

Our grateful appreciation is extended to the Town officials for their cooperation at every level; to the hospitality of the Inn at East Hill Farm, to James Sears for use of his campgrounds during the summer months and to Elmer Gladding.

The officers elected for 1980 are Mrs. Minnie Mattson, president; Alice E. Morrison, Vice President; Beatrice Merrifield, Secretary and Wilho Matson, Treasurer. To those who served as officers and committee members in 1979, we owe our thanks for a job well done.

A. E. Morrison
President

TROY VISITING NURSE ASSOC., INC.
1920-1979

The nurse is a professional person, therefore it is a necessity that she keep up her education. Along with her home nursing visits she attended monthly inservice meetings, Hospic Conference, Kidney Conference, Energy Crisis Workshop, Diabetes Seminar and participated in the Health Fair. Three clinics were held:

9 W.I.C.(Women, Infants & Children) Clinic	126 attended
3 Immunization clinics (under age 6)	11 attended
Flu Vaccine Clinic	38 attended
12 Blood Pressure Screening (Fitzwilliam)	25-40 each clinic

She also participated in meetings at the crotched Mountain Rehabilitation Center concerning a client she periodically visits to assist the family in the care given. She assisted in the committee and Board meetings to revise policies according to Standards of Medicare.

Child Abuse should be a concern to every citizen but our program on "Child abuse" held in August was poorly attended. The speakers were - Rand O'Brien and Ken Jue from the Monadnock Family and Mental Health Services.

The program on "Energy Crisis and Help for the Elderly" was held at East Hill Farm and presented by Steve Knapp from the Mental Health and Welfare Council.

Meetings are still being held for planning of the merging of the surrounding visiting nurse associations. Information and statistics are being compiled to find what the needs are.

The Finance Committee held several meetings. They formed a pay scale for the employees, increased the mileage rate and increased the hourly rate for the nurse to get her on a more professional scale. Other committees held meetings in accordance to Medicare demands.

Our substitute nurse is kept busy assisting in clinics, covers vacations, called in to assist when the case load is heavy or the nurse is attending an all day meeting.

Total patients for the year:		
Fitzwilliam	60 patients	420 visits
Troy	49 Patients	508 visits.

Respectfully submitted,

Dorothy E. Graham
President -T.V.N.A.

TROY WAR MEMORIAL

Again, the War Memorial Program was successful in teaching the Troy youths swimming and water safety from toddlers up through Senior Life Saving. Seventy-three children participated.

The season also consisted of many organized sports activities, such as softball, tennis lessons, basketball, street hockey and ping pong. Some field trips were also enjoyed by the children along with a barbecue to end the summer program.

The new ball field on Marlboro Road was started this fall and should be completed by early summer. The field will be used for girl's and men's soft ball, little league and Babe Ruth practices.

In our plans for the upcoming year, we have enlisted the services of the Cheshire County Y.M.C.A. to assist us in expanding our summer program and also our plans to begin an indoor winter program.

We wish to thank our Director, Linda Jennison and her assistants for a fine summer program. We have received many favorable comments. We would also like to thank Troy Mills for their continued support and Jim MacPherson and the Highway Dept. for their help, both at Sand Dam and the work they have done on the new ball field.

Respectfully submitted,

Fred Singleton, Chairman
Troy War Memorial
Committee

To the Citizens of Troy:

THANK YOU - once again your support and faith has kept our Corporation a success. April of 1980 will close our fifth year of service to you. We have now reached over the 800 call mark - and thanks to you, our supporting public, we are still operating without tax dollars. Thru your generosity, we are maintaining our ambulance, our crew's education, and the high quality medical aid each community desperately needs.

Our ambulance is in service for emergency calls 24 hours a day, seven days a week and for scheduled transfers on a twenty-four hour notice. We also maintain a crew of approximately 25 volunteer members, both from Fitzwilliam and Troy. Here, I would like to mention a very sincere thanks to all these members who volunteer all the time, education and devotion that goes into making the excellent service that they offer. Without them, TEASI would have little to offer the public.

Our past history is proof of the sincerity of our original pledge to you and our future consist of the same faithful service you have always received. Although distant future plans include replacement of our ambulance, our present vehicle is still in top condition.

Again, Thank-you for your support and faith, and remember, we are only a phone call away - 352-1100.

Ray Woods, President
Troy Emergency & Ambulance
Service, Inc.

TROY COMMUNITY THEATER

Troy Community Theater, "TCT," began its fourth year with "The Happiest Millionaire," a comical adaptation of the novel, Our Philadelphia Father. Through each production, TCT has grown in both theatrics and staging.

1979 saw the addition of a number of new faces, young and old, to the Troy stage. Also, an improved lighting system was added to give us greater versatility for special effects.

Our continued ability to bring live theater to Troy depends entirely upon local help. We have a continuing need for persons to perform on stage, to handle costuming, ticket sales, publicity, sets, lights, sound, props, make-up, and many other aspects of presenting a live play.

Our policy, at TCT, continues to be one of offering live theater at an affordable price. We hope to be able to continue to bring entertainment to Troy on a regular basis.

The members of TCT seek your support and patronage. We look forward to having you at our next production.

MINUTES OF TOWN MEETING - MARCH 13, 1979

The Polls were opened at 10:00 AM on March 13, 1979 at the Town Hall by Dolores Vose, Moderator. The polls remained open until 6:00 PM. It was moved to adjourn to March 14, 1979 at 7:30 PM to the Troy School Auditorium to take up the Warrant.

The meeting to take up the warrant was opened by Moderator Dolores Vose at 7:30 PM on March 14, 1979. The benediction was given by Rev. William Rogers. The salute to the flag was led by former Rep. Charles McGinness and a color guard from the Troy Boy Scout Troop #309.

Constance Grover
Town Clerk

SPECIAL TOWN MEETING

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Troy in the County of
Cheshire in said State, qualified to vote in Town affairs.

You are hereby notified to meet at the Town Hall in said
Town on Thursday the 6th day of September next at 7:30 in the even-
ing to act upon the folling subjects:

ARTICLE 1: To see if the Town will vote to act on a petition signed
by approximately 100 persons, which has been on file since
March 12, 1979, and on which the Selectmen have refused to
take action, an of which reads:

"We the undersigned of the Town of Troy, request the re-
moval forthwith of the Troy Police Chief, Pierre C. La-
Grenade as police chief of the Town of Troy. Our reasons
are: Conduct unbecoming of a police officer; Harrassment
of many persons, especially our youth; unavailability when
needed; and for many other reasons that will come out with
witnesses, if and when needed." (By petition.)

ARTICLE 2: To see if the Town will vote to direct the Selectmen to
remove Chief Pierre C. LaGrenade from office for conduct
unbecoming of a police officer. (By petition.)

ARTICLE 3: To see if the Town will vote to direct the Selectmen to
seasonably hire a new chief of police who has the stan-
dards of conduct in keeping with the laws of morality and
decency as outlined in the N. H. constitution and the laws
of our State. (By petition.)

ARTICLE 4: To see if the Town will vote to direct the Selectmen to
negate their decision to uphold the dismissal of Gordon R.
Davis from the Troy Police Department as instigated by
Chief of Police LaGrenade on June 6, 1979. (By petition.)

ARTICLE 5: To see if the Town will vote to withhold any additional
public funds that may be used to defend the Troy Selectmen
and their associates from any litigation that may develop
from the dismissal of Gordon R. Davis from the Troy N. H.
Police Department. (By petition.)

ARTICLE 6: To transact any other business that may legally come be-
fore this meeting. (By petition.)

Given under our hands and seal, this 20 day of August, in the year

of our Lord nineteen hundred and seventy-nine.

William R. Matson
John C. Callahan, Sr.
John T. Tyler
Selectmen of Troy, N. H.

A true copy, of Warrant, attest:

William R. Matson
John C. Callahan, Sr.
John T. Tyler
Selectmen of Troy, N. H.

MINUTES OF SPECIAL TOWN MEETING
SEPTEMBER 9, 1979

A special town meeting was held September 9, 1979 at 7:30 pm at the Town Hall. Due to the large number of people attending, the meeting was moved to the Troy Elementary School. Meeting was called to order by Dolores Vose, Moderator, at 8:35 pm. Rev. William Rogers led the prayer and Joan Tyler led the pledge of allegiance.

Moderator explained the seating arrangements for voters and non-voters.

ARTICLE I To see if Town will vote to act on a petition signed by approximately 100 persons, which has been on file since March 12, 1979, and on which the Selectmen have refused to take action, an of which reads:

"We the undersigned of the Town of Troy, request the removal forthwith of the Troy Police Chief, Pierre C. La-Grenade as police chief of the Town of Troy. Our reasons are: Conduct unbecoming of a police officer; Harrassment of many persons, especially our youth; unavailability when needed; and for many other reasons that will come out with witnesses, if and when needed" (By petition)

Motion was made and seconded to accept Article I.

Motion made to adjourn meeting. Motion made to table Articles I, II and III and take up IV.

Request made to have secret ballot on adjournment. Over-ruled.

Standing vote taken on adjournment. 137-126 against adjournment.

Motion made and seconded to combine Articles I and II.

Voice vote taken to combine Articles I & II.

ARTICLE I & II: To see if the Town will vote to act on a petition, signed by approximately 100 persons, which has been on file since March 12, 1979, and on which the Selectmen have refused to take action, and of which reads:

"We the undersigned of the Town of Troy, request the removal forthwith of the Troy Police Chief, Pierre C. LaGrenade as police chief of the Town of Troy. Our reasons are: Conduct unbecoming of a police officer; Harrassment of many persons, especially our youth; unavailability when needed; and for many other reasons that will come out with witnesses, if and when needed."

To see if the Town will vote to direct the Selectmen to remove Chief Pierre C. LaGrenade from office for conduct unbecoming of a police officer.

Motion made and seconded to move on Articles I & II.

Supervisors of Checklist disqualified themselves from counting votes due to relationship to Chief. Moderator appointed Chester Priest, Mary Raitto and Mabel Liimatainen to count and Carolyn Mattson and Frank Obuchowski to observe.

Voting followed. Results 170 against, 100 for.

Motion made and seconded to adjourn meeting.

Meeting adjourned at 11:00 pm.

Constance Grover
Town Clerk
